FROM: James O. McReynolds, County Administrator

SUBJECT: 2002 Revenue Sharing Projects

Last year the Board requested and received approval for a total allocation of \$500,000 through Virginia Department of Transportation Revenue Sharing Program. Funds were requested for the following three projects:

Project	Description	Amount	VDOT Admin.	County Admin.

Route 199 / Mooretown Road Interchange Landscaping	Additional funding to ensure complete landscaping coverage at this interchange; total landscaping budget, including this and previous Revenue Sharing allocations is \$188,400	\$50,000		Yes
Route 17 Paving Overlay	Continuation of overlay program for remaining concrete section of Route 17	\$50,000	Yes	
Total FY 2002 Allocation		\$500,000		

In accordance with VDOT guidelines, it will be necessary to execute County/State Revenue Sharing Program Administration Agreements for the two County-administered projects. Accordingly, the purpose of this memorandum is to seek the Board's authorization for the County Administrator to execute the required agreements and to appropriate the Revenue Sharing funds to be received from VDOT for those projects that the County will administer.

The total appropriation for the County-administered projects is \$450,000. Please note that it is not necessary to appropriate VDOT funds for the projects that VDOT will administer. All County funds to be devoted to these projects have been appropriated previously.

Adoption of proposed Resolution No. R02-8 is recommended.
